

BOROUGH OF BEAUMARIS.

To the Medical Officer of Health,
for the Borough of Beaumaris.

Sir,

I have pleasure in submitting to you my Report as Sanitary Inspector for the Borough of Beaumaris for the year ending December 31st, 1938.

WATER SUPPLY. The supply during the year has been ample to meet all demands. The installation during the year of a Chlorinating Plant together with a pre-roughing filter and slow sand filtration has ensured a wholesome supply of water.

Penparc Lake has again shown signs of Algae during the months of June, July, August and September and the Lake was systematically treated with Copper Sulphate.

SEWERAGE AND DRAINAGE. The Sewerage System has worked fairly satisfactorily during the year. A new sewer was laid at Victoria Terrace and connected to the present system and a complete new drainage system was laid for the twenty new flats.

SCAVENGING AND REMOVAL OF HOUSE REFUSE. This work continues to be done under my supervision. Two collections are made of the whole Town and outlying districts in the Winter Months and three collections during the Summer Months.

HOUSING AND OVERCROWDING. It is gratifying to be able to report that thirty new workmens' dwellings have been erected on the Maes Hyfryd Site during the year and the tenants of the Slum Clearance Areas Nos. 1 and 3^e have practically all been removed to them. Six cases of overcrowding were dealt with during the transfer. The demolition of the houses on these Clearance Areas is being proceed with.

COUNTY AND ELEMENTARY SCHOOLS. The Sanitary arrangements and water supply have been inspected periodically and are satisfactory.

RIVERS AND STREAMS. No action has been required as no occasion has arisen of pollution during the year.

CLOSET ACCOMMODATION. No conversions from the conservancy to water system has taken place during the year.

NUISANCES. 73 Cases of nuisances reported during the year, mostly of a minor character, these have been abated either by personal representations being made or with attention of the Council's Staff.

SMOKE ABATEMENT. No action found necessary.

SHOPS. The shops have been inspected and from the point of view of ventilation, temperature and sanitary conveniences they are satisfactory.

DAIRIES, COWSHEDS AND MILK SHOPS. These are inspected periodically and general cleanliness is on the whole satisfactory. There are seven registered milk retailers and two Tuberculine Tested Milk Dealers in the Borough.

I am, Sir,

Your obedient Servant,

Griffith Durb
Sanitary Inspector.

I have pleasure in submitting to you my Report as Sanitary Inspector for the Borough of Bournemouth for the year ending December 31st, 1933.

WATER SUPPLY. The supply during the year has been ample to meet all demands. The installation during the year of a filtering plant together with a pre-settling filter and also sand filtration has enabled the supply of water to be maintained at a high standard. The water supply has been again shown signs of being of high quality during the year, July, August and September and the water was systematically treated with Copper Sulphate.

SEWERAGE AND DRAINAGE. The Sewerage System has worked fairly satisfactorily during the year. A new sewer was laid at Victoria Park and connected to the present system and a complete new drainage system was laid for the twenty new flats.

WASTE AND REMOVAL OF RUBBISH. This work continues to be done under my supervision. The collection of the refuse is made by the sanitary districts in the winter months and three collections during the summer months.

HOUSING AND OVERCROWDING. It is gratifying to be able to report that the new housing scheme has been completed on the West Hill Estate and during the year another scheme of 100 flats has been completed at West Hill and have practically all been removed to them. The cases of overcrowding were dealt with during the year. The demolition of the houses on these schemes is being proceeded with.

COUNTRY AND VILLAGE SANITATION. The sanitary arrangements and water supply have been inspected periodically and are satisfactory.

RIVERS AND STREAMS. No action has been required as no pollution has arisen of pollution during the year.

CLOSET ACCOMMODATION. No conversions from the conservancy to water system has taken place during the year.

MISCELLANEOUS. 75 Cases of nuisances reported during the year, mostly of a minor character, these have been dealt with by personal visits and the necessary action being taken on the Council's staff.

SMOKE ABATEMENT. No action found necessary.

WELLS. The wells have been inspected and from the point of view of sanitation, temperature and sanitary convenience they are satisfactory.

DAIRIES, COWSHEDS AND MILK SHOPS. These are inspected periodically and general cleanliness is on the whole satisfactory. There are seven registered milk retailers and two tuberculin tested milk dealers in the Borough.

I am, Sir,
Your obedient servant,
Sanitary Inspector.

W. H. Smith
Sanitary Inspector

WELSH BOARD OF HEALTH
RECEIVED

3 - AUG 1939

A.

1, Green Edge,

Beaumaris.

June 30th, 1939.

Borough of Beaumaris.

County of Anglesey.

Annual Report of the Medical Officer of Health for the year 1938.

Gentlemen,

I beg to submit herewith my Annual Report on the Health of the

Borough of Beaumaris.

Area in Acres. 3135 acres.

Registrar General's Estimate of Population. 1589.

Number of Inhabited Houses. 530.

Rateable Value. £8376.

Product of a Penny Rate. Approx. £30-0-0

SOCIAL CONDITIONS. UNDER ONE YEAR OF AGE:-

The social conditions generally have improved, which are due to the following factors: viz:-

1. The reconstruction and conversion of Victoria Terrace into Flats of modern design and equipment, all of which are occupied.
2. The rebuilding of the old Almshouses into five Agricultural Cottages, this provided modern and healthy homes which were previously derelict property.
3. The provision of thirty new houses in Maes Hyfryd to house the occupants of the New Street Clearance Areas.
4. The demolishing and clearing of the New Street Slum Clearance Area has had a beneficial effect on the Elementary Council School and Playground and the neighbourhood. The removal of these houses has improved the tone and lighting of both the School and neighbourhood.
5. The provision of a well-equipped children's playground on land adjoining the newly built houses at Maes Hyfryd which is ideal as far as situation is concerned, has improved the condition of the children of the Town.

CHIED INDUSTRIES.

Agriculture and Limestone Quarrying and there is about 35% of the Insurable population unemployed.

COPIES AND CLINICS. No change.

W. H. H. H. H.
